

## TABLETOP, FUNCTIONAL, & FULL-SCALE EXERCISES

### Summary of Capability:

The purpose of any exercise is to validate training, reveal planning strengths and weaknesses; uncover resource needs and shortfalls; improve coordination within your organization and community; clarify roles and responsibilities; and improve overall performance of all employees, managers, and the Crisis Management Team. It is essential to practice “the Plan” periodically to ensure it works and is updated as the environment changes.

Whether it's a tabletop, functional, or a full-scale scenario based exercise, ARMADA will design, conduct, facilitate and evaluate an exercise that meets applicable standards such as National Incident Management System and Joint Commission. In addition, ARMADA can assist with role-player recruitment to enhance the realism of the exercise.

Exercises are customizable and can meet the needs of various clients to include the below topics.
