Mr. Ariles Amokrane has over 15 years of experience across information technology, cybersecurity, infrastructure, and compliance. His background includes service as a U.S. Air Force Special Operations Communications professional, along with technical and leadership roles in defense, enterprise, manufacturing, and shared-services environments.

Prior to joining ARMADA, Mr. Amokrane served as Information Security Manager / ITPSO for Bristol Bay Government Services Group, where he helped lead a CMMC 2.0 Level 2 certification effort covering 48 CAGE codes / legal entities. His work included security governance, audit readiness, incident response, cloud and identity modernization, and compliance documentation aligned to federal and defense-industry requirements.

At ARMADA, Mr. Amokrane supports IT, compliance, security operations, and governance efforts with a focus on practical controls, clear documentation, and sustainable processes.
